Learn more about our unique partnership opportunities

Partner with Sporian

Accelerate your path to market with Sporian's grant-funded prototyping license and adapt our proven technologies or co-develop a fully customized solution, while reducing your development costs by up to 75%.

Low Financial Risk

Sporian's grant-funded approach reduces your time investment and financial risk compared to other partnerships.

Choose Your Involvement

From advisory support to contributing IP for prototype development.

Transparent & Simple Contracts

We supply contract templates and step-by-step processes for clarity at every stage.

Partnership Engagement Division of Work

Sporian upholds rigorous IP protection standards, with adaptable contract frameworks to align with your requirements. Our agreements include a first-right-of-refusal licensing period, ensuring you retain priority commercialization rights.

PARTNER

SPORIAN

Current & Future Product Ideas (Brainstorming)	
Technical Expertise	
Monthly Project and Discovery Meetings	
Industry Market Projections	
Market Knowledge	Create & Submit Grant Applications
Industry Experience	Create Design Spec for Phase 1, Manufacture Prototype for Phase 2
Optionally IP	Leverage Phase 1 Results for Phase 2 Grant Award
Manufacturing

SPORIAN'S UNIQUE PARTNER BENEFITS

Choose Your Timing:

Start where it makes sense for your project.

Phase 1: Product inception, brainstorming and design requirements creation.

Phase 2: Creation of the prototype(s) based on Phase 1 results and any new discoveries/requirements encountered along the development path.

Choose Sporian's Unique Partner Benefits

Sporian Partnerships Deliver:

Cost Efficiency: Minimize expenses through our grant-backed model

Time Savings: Slash development timelines by 30-50%

Risk Reduction: Protected IP and proven processes

Process and Contracts:

Sporian upholds rigorous IP protection standards, with adaptable contract frameworks to align with your requirements. Our agreements include a first-right-of-refusal licensing period, ensuring you retain priority commercialization rights.
